The dance given at the fair grounds last night, by E. K. Smart, was a very enjoyable affair.

J. R. Read returned yesterday evening from Missouri, where he and his son Harry have been disposing of their stock of dry goods and clothing.

Miss Josie Collier left Sunday afternoon for a visit to her old home at Council Grove, after which she will go to St. Louis to purchase a stock of fall millinery goods.

Harry Read, after closing out a merchandise stock that he shipped from Missouri, where he and his son Harry have been disposing of their stock of dry goods and clothing.

Charles Farmer will soon celebrate his fifth anniversary, not in the shape of a wooden wedding, however, but over the event of his arrival here five years ago from York State.

The Peak sisters—seventeen in number—will arrive to-day on No. 4 from Pike's Peak, Colorado, and will give their celebrated entertainment this evening at the Methodist.

There are several of our readers who have a little money which belongs to us, and they would like to have it. In other words, please pay up your back subscription and relieve us of asking for it.

There has been a general rain throughout the state, and part of the corn crop is now assured, but most of the farmers are taking advantage of the falling miller,orghum, etc., for play feed.

Died: Last night at 12:00 o'clock, one of Kinsley's old and highly respected residents, Mr. A. C. Leonard, passed from this earth. The funeral will take place to-morrow at the Congregational church at 10 o'clock.

B. P. Hays, the popular Pillsbury merchant, was up to the county capital Tuesday and reported trade good and everything doing nicely on the South side since the big rain of Sunday, especially broom corn.

The entertainment will be rich, the ice cream will be rich, the ladies costumes will be rich, but it isn't necessary that you should be rich to withstand the expense of the evening. Go hear the Peak Sisters to-night.

Mrs. W. L. Seaman and two children arrived home Sunday noon after a pleasant visit of about ten weeks' duration at Marshalltown, Iowa, the Twin Cities, and a number of interesting places in the state of lakes.

Miss Mattie Hoffman, of Marion, Kansas, sister of Mrs. Wm. Siegel, arrived Wednesday from Denver, where she has been visiting for some time. She will visit in this city a month or so and then return home.

George Griffin returned Wednesday after an eight month's absence in Chicago, to work, live and die in Edwards county. George says the prosperity and progress of Edwards county is too interesting in comparison with the effects east, for him.

H. O. Beal and L. Barber, Jr., left yesterday morning for Boston to take in the national convention of the A. R. W. While in Boston Mr. Barber will buy some clothing, returning by way of Chicago where he will complete the purchase of one of the largest stocks of clothing ever brought to this city.

The question was asked us the other day as to how often a young man should call on his best girl? At the time we didn't know, but with the remembrance of old times and the observation of things transpiring in the present we have come to the conclusion that a keen young man will call two or three times a week, and a "keener" one as many times a day.

The Normal closed yesterday and the examination taken place to-day and to-morrow. The attendance has been large, and a deep interest taken in the work all along, which, in fact, has made it the best institute ever held in the county. Prof. Webb is spoken of very highly by the students and much good will be the result attained under his able conduct.

We failed to chronicle last week the death of Miss Nettie Carter, of St. Paul, Arkansas, and the interment of the remains here by her brother, Noble Carter. The deceased was a former resident of this place, and was loved and held in high esteem by all who knew her. She went to St. Paul with her parents about four years ago, and died on the 24th of last month, after a brief illness, and was laid to rest in the Kinsley cemetery on the 26th.

Several of our merchants have adopted the "cash basis" of doing business. This is pretty tough on our poor editors, we have to credit out about all we do on subscription, and when we want a few groceries or some dry goods we must, in the future, pay the spot-cash or go without. We also have small freight express, paper bills, etc. which must be paid promptly, or we cannot do business. Now we need money and must have it, so please come in and see us when you come to town.

At a meeting of the school board Thursday evening to select teachers for the coming year in district No. 1, the following corps of able instructors were chosen: Prof. McMurry, superintendent; Miss Minnie Mac Michael, primary department; North Side: Mrs. John Bostwick, assistant principal; Mrs. Clara Oliphant, intermediate department; Mrs. W. H. Greene, primary department. The principal will preside over the South Side in the forenoon, and the North Side in the afternoon.

It was noticeable that representatives of every package institution in Kinsley voted with the majority in the late school election. Now that the summer court sessions, temperance unions, church societies and Sunday schools have dissolved and become homogeneous the millennium cannot be far off. According to scripture the "Eden and the land shall lie down together." The lion, however, seems to be on the outside. Old Mother Shipton's prophetic prophecies that "The world to an end shall come in eighteen hundred and ninety-one." We would advise that all our readers be settled as ones; pay up all delinquent church subscriptions, not forgetting package houses and stores; and above all don't overlook your unpaid newspaper subscription so as to be able to start fair and square in the new order of things.

An Enjoyable Occasion.

The social event of the week was the lawn party given by Dr. and Mrs. Gamble, at their residence on the corner of fourth street and Heath avenue, on Thursday evening. Their eighth wedding anniversary fell on this day which event will long be remembered for the happy evening spent. The lawn was tastefully decorated and beautifully illuminated, by torches and lanterns, and everything was arranged for the amusement of the guests in the way of lawn sports, cards and other favorite games.

Those present were the Messrs. W. S. Simpson and wife, H. K. Brown and wife, J. P. Marsh and wife, B. F. Tatum and wife, E. M. Boies and wife, H. C. Bligham, wife and daughter, Dr. G. M. Gamble and wife, of Larned, M. C. Tinkle and wife, F. E. Hise and wife, J. E. Willey and wife, G. H. Winkle and wife, H. F. Best and wife, C. A. Read and wife, Stanley Watson and wife, O. H. Seaman and wife, H. H. Beal and wife, W. L. Seaman and wife, Judge Vandiver and wife, F. D. Smith and wife, Messrs. Elmer, McGee and Hobbs, Misses Cora Noble and Mary S. Noble, W. J. Peck, E. O. Walron, L. B. Noble, Sr., S. McMurry, Rev. Greenlee, E. A. Noble, A. M. Merriam and J. L. Crabb.

PLEASANT REMINDER.

We are anxiously looking for rain. Hay will be short, also corn and money.

The people's party will go into the convention business in the near future.

The picnic at Wirt Wilson's grove was well attended. The orators were Judge Vandiver, champion of the G. O. P.; Hon. Wm. Campbell, representative to the Kansas legislature, from Stafford county, and candidate for re-election by the people's party; and Hon. S. M. Scott, alliance lecturer for the Seventh congressional district.

General Vandiver was loud in his praise of the farmers' alliance, but entered a protest against the wicked Democrats for obstructing our colored brother in his rights of suffrage. The General expressed an ardent desire to lead an army southward so that the "nigger" could vote. Where's Charley Gault? The General may desire a military education before moving his forces. Let's call out the militia—all three of the Kinsley guards, as battle scarred vets are promised (1) a service pension. We don't want any pensions, we want our ration of monuments, life is too short for service pensions, trot out the marble and rosewood coffins, we want our hups of a thousand strings and pretty clouds to float on. Its real mean of the Judge to want to be a general, but maybe he is onto the widow's pension racket. I shall go as a general, myself, should a pension be granted to a "widder" der" shall be provided for should I ever go to war again. General's widows fare much better in the matter of pensions, as a rule they are of better material (?) than private widows, or history lies. With all due respect to the widows of brave men, but I am down on this thing of making (cod fish) histograms of one and flesh of another, it is un-American and a disgrace to a democratic republic and insult to the brave soldiers who died that this Union might be preserved for the bond holders.

Another fine rain fell here Saturday and Sunday nights.

The protracted meeting still continues, with several acquisitions this week.

Mrs. George Green, Miss Ida Foster and Miss Laura Cline were baptized at the duck-pond, Sunday, by the Rev. Popplewell.

The calor bean harvest in this neighborhood is all that could be expected, taking the dry weather into consideration.

If we are not fooled, considerably, there will be some fun in this neighborhood next week. We will tell you all about it later.

Mr. Robt. Troeger has returned to his old home again. He has been in New Mexico for the last year and has been doing quite well.

Our boys will be back to this country again after this week. The institute has benefited them considerably from their behavior and appearance generally, at least they can lose eight nights in a week and still keep straight during the day.

The Wendell singing school did not meet last Sunday on account of the meeting. We would suggest that the evenings would be a better time than the afternoon. We think the attendance would be larger.

There are a few pusillanimous mongrels in this neighborhood who will not better keep some of their slander to themselves or they will find a way to get it out of them. They are doing no good to themselves and are injuring others, and unless there is a stop there will be some more digging to do. A hint to the wise (?) is sufficient.

Culpable Ignorance.

Low-priced excursions to California were first established by the Santa Fe Route. These excursions have been successfully run over this line for years, but have been managed by well known outside excursion agencies. Since January, 1902, the Santa Fe Company have been running special California excursions parties, conducted by its own employees, engaged especially for this work. They will continue this arrangement—the excursions leaving Kinsley City every Friday evening. To the extent of the regular excursion rates, with all the accessories, are furnished at the rate of \$3.00 per double berth, Kinsley City to California point. These excursions are personally conducted, and every comfort and convenience of travelers guaranteed to members of these parties. Those who contemplate a trip to the Pacific Coast, and wish to save expense, should inform themselves regarding these excursions. For further information full particulars, dates, rates, etc., address Geo. T. McNamee, G. R. T. A., Topeka, Kansas.
